

Basic HTML Tags to Use with Blackboard

HTML consists of a number of tags. Anything between the tags will be affected or modified. When you are using Blackboard, make sure to check HTML and to press the Preview button. The Preview button will give you an idea of what your text is going to look like before hitting the submit button.

Bold

`Bold`

Italics

`<i>italics</i>`

Lists:

Unordered

```
<ul>
<li>This is item 1 in my list</li>
<li>This is item 2 in my list</li>
</ul>
```

Ordered

```
