# COMPETITION DETAILS:

Participants will be tasked with solving real-world cybersecurity problems in a controlled environment. You'll need to use your technical skills, creativity, and teamwork to capture the flags (CTF) and rise to the top!

## JUDGING CRITERIA:

- Accuracy in solving challenges
- Speed and efficiency
- Teamwork and collaboration

## HOW TO PREPARE:

Brush up on your cybersecurity basics, familiarize yourself with CTF formats, and practice problem-solving under pressure.
